Chow Buffet Guidance Notes

With your enjoyment and ours in mind - please take a minute to read the guidance notes below.

- All on the table must be on the Chow Buffet offer, as no sharing is permitted with the exception that a member of your group is Vegan or Gluten Free.
- Your 90 minutes begins from the time of your reservation, so please ensure that you arrive promptly for your sitting as your table will likely be required for our next sitting.
- With our Table Service Buffet, you just sit back and relax and order as much or as little for each round that you go, as our Chefs and our Front of House team are fully prepared and ready to bring you your food quickly and until your heart and belly are content!
- Just like a classic buffet - there are no rules as to how, and in which order you would like to eat, but as a suggestion, we recommend that you order between 3 to 4 items per person each time, and no more than 5 to 6 items per person at any one time, just so that your food doesn't go cold - so less and more frequent is what we think is best for your experience.
- We will quickly and happily take your next order and get it to you as soon as we can, and for you to be confident in knowing that we want you to enjoy as much of our food as you would like to, and to have a great buffet experience with us.
- Please do only order what you can finish so as to avoid any food wastage.
- We will typically ask you for your final food order 15 minutes before the end of your 90 minutes, and should our speed of food service not be to our own standards, our manager will happily extend your ordering time as appropriate.
- Any and All un-eaten food cannot be taken away, and this is without exception, so please do not ask if we can box anything to be taken away.
- As a small independent business, we try very hard to do the best we can for our followers and for team members, so at all times, please be kind.
